***The following is an extract from the Regulations of the ABCA which relate to Artificial Insemination.
Any queries should be referred to the Executive Officer.***

ARTIFICIAL INSEMINATION

18. In all cases the registration of animals produced by Artificial Insemination shall be treated in the same manner as animals produced by natural service subject to the following conditions:-
- (a) Application for recording as a Semen Sire must be made to the ABCA on an ABCA AI Sire application form indicating the Category the Sire is to be recorded in:
- 1. Open AI Sire – Calves by these Sires can be registered by any breeder upon application to the ABCA**
- Requirements for recording as an Open AI Sire
- (i) A copy of the sires DNA type certificate.
 - (ii) Applicable fees as per the ABCA fee schedule.
 - (iii) A Herdbook certificate from a recognised Brangus/Angus/Brahman Herdbook if the animal is not registered in the ABCA Herdbook.
- 2. Restricted AI Sire – Calves will only be registered in owner's herds (Maximum of Four owners at any one time) or upon provision of a Sire Authorization Form signed by the owner of the Sire. (Closed 01/03/9)**
- (b) If the member is the beneficial owner, that member does not have to make the bull a donor sire if using the semen in his/her herd.
- (c) The Management Committee reserves the right to request a member to supply any further test results or information deemed appropriate prior to approval of any sire for the use in AI.
- (c) The Management Committee may at its discretion refuse to grant approval and/or withdraw approval previously granted under regulation 18 (b) without assigning a reason.
- (d) Calves produced by Artificial Insemination will be recorded with the letters (AI) following the animal's name on the registration certificate.
- (e) The Management Committee may require a parentage determination on the basis of tests as in 18 (b) to be performed on an animal produced by Artificial Insemination before acceptance of the registration.
