

Field Day for New South Wales Zone 3

June 23rd, 2018 – 'Magnet', Delungra, NSW

The program will include an array of speakers and presentations including ABCA president Mark Beckman. Host of the day and Belview principal, Trevor Jorgensen will host a session at the cattle yards in which he'll outline and discuss the studs breeding program.

One of the main focuses of the Field Day will be to have as many ABCA Committee members present so that New South Wales breeders can have the opportunity to meet and discuss breed matters with them and to formally meet ABCA EO John Thomas in person.

On display will be a selection of the Belview donors, sale and weaner bulls, breeding cows and calves, springing females and yearling and weaner heifers. Trevor and Colleen Jorgensen are very excited to be hosting the Zone 3 Open Day and looking forward to catching up with old friends, meeting new Brangus members and at the same time sharing their passion and enthusiasm for this wonderful breed of cattle. The day will also allow the opportunity to introduce new members of Belview team who'll be taking the prefix forward into the future.

Trevor, Colleen and family will also provide refreshments in the form of morning tea and lunch. Further information as it comes to hand will be posted on Facebook.

Directions from Delungra:

16kms on Bingara Road turn left into Michell Lane, 10kms to mailbox on right.

Directions from Bingara:

27kms on Delungra Road turn right into Michell Lane, 10kms to mailbox on right.
